FREE ONE-PAGE PLAN

10-minute nightly spelling routine

A short plan for grades 1 to 3. You can print this page and use it at home tonight.

How to use this page

Pick 3 to 5 words from the list your child brought home this week. Work next to your child. Stop when 10 minutes are up, even if you did not finish every word.

1 MINUTE **1**

Pick the words

Choose 3 to 5 words from this week's class list. Start with the ones your child still finds hard.

3 MINUTES **2**

Say and sound them out

You say the word. Your child repeats it, then breaks it into sounds with you.

3 MINUTES **3**

Write each word once

Your child writes each word one time. Watch the letters as they go on the page.

3 MINUTES **4**

Check and try once more

Look at the page together. If a word is wrong, say it again and write it one more time.

Keep it simple

- Stay with the 10 minutes. A short, steady night is better than a long, hard one.
- Notice the work your child did, even when a word is still messy.
- If your child is worn out, do fewer words and try again the next night.
- This is a free home routine. It is not a full GrowWithClass program.

Words we will practice tonight

Write the 3 to 5 words here before you start.
